## **iCare a success in the 2008 Victorian iAwards**

**iCare Solutions is proud to announce that we have been successful in winning the 2008 Victorian iAward in two categories, e-Health and General Applications.**

The iAwards recognise innovation excellence in ICT across a range of important fields and industries. The e-Health iAward is presented to the most innovative ICT solution for the healthcare sector and the General Applications iAward is presented to the most innovative ICT solution that supports non-finance-related business processes in an enterprise.

iCare would like to take this opportunity to thank all of our customers for your continued support, which makes such awards possible. We would also like to thank Kelvin Neave from The Salvation Army and Jan Lindsay from PresCare who acted as iCare's reference sites for the iAwards.

iCare now moves to the National Awards iAwards which are announced on the 28th of May in Melbourne.

To find out more about the iAwards visit <http://www.aija.com.au/pages/iawards.aspx> .

### **About iCare Solutions**

*iCare is the market leader in the provision of Clinical & Care Management solutions to the aged care industry in Australia with over 30,000 beds under licence and a further 18,000 beds being implemented. The total number of aged care beds in Australia is approximately 220,000.*

*iCare software was developed based on a research thesis by Dr Bill Koch at La Trobe University in Melbourne. Today, it is the second fastest growing software company in Australia and the seventh fastest growing company across all technology sectors (Deloitte Technology Fast 50, 2007. In 2006, iCare was rated fifth and 25th respectively). Based in Melbourne, iCare is privately owned. It employs 30 staff in Australia and was launched in the UK in September 2007.*
